

Each Pak-o-Bird comes with the following:

- A. Folded bird carrier body
- B. Front or backpack strap
- C. Shoulder Strap
- D. Two roof support panels
- E. Dragon wood perch
- F. Two 5 oz. stainless steel cups

Features:

1. Two D-rings on each side of the roof for hanging bird toys
2. Detachable floor panel (can be removed to reduce weight)
3. Fully open front window mesh and covering flap
4. Exterior side curtain and two fastening straps
5. Perch holes for attaching the perch and feed cup
6. Velcro strips for holding the side curtain down
7. Car safety loops for strapping car seat belt/strap
8. Detachable front or backpack strap with adjustable chest strap
9. Tail extension Pouch (for the one with tail pouch) foldable flap on the base of the carrier when not used
10. Detachable Shoulder Strap
11. Four triangular rings for attaching the front/backpack strap
12. Skylight strip
13. Optional accessory - a separate car seat strap is available if needed
14. Zipper with auto-lock device and closure cover flap

Improvements made so far including:

15. Aluminum bar to support the roof for medium size and larger
16. Aluminum bar to support the back for medium size and larger
17. Lining in mid-tone grey color
18. Additional D-rings extend from the base to hold bird toys in place when the carrier is in motion
