

## Set Up Instructions

Each Pak-o-Bird comes with the following: *Folded bird carrier body, Front or backpack strap, Shoulder Strap, Two roof support panels, 1 Dragon wood perch, Two 5 oz. stainless steel cups.*

1. Open the pet carrier (A), match the snap button and attach the roof support panels (D) accordingly
2. Zip up the carrier's bottom
3. Secure the zipper end by attaching the Velcro® flap
4. Zip up the carrier's roof
5. Secure the closure by attaching the Velcro® strip at the bottom front and the Velcro® flap at the end of the zipper
6. Zip up the front mesh
7. The front cover flap and the mesh window can be rolled up and held open by attaching them to the Velcro® on the exterior roof
8. Rollup the side curtains and hold them up by attaching the two small clasps to the D-rings on top
9. Attach the front / backpack straps (B) by attaching the clasps to the triangular rings in the back (attach the middle two rings for carrying on your back or the outer two rings for carrying in front carrier)
10. Attach the front extension straps to the D-rings in the front
11. Attach the waist straps extend from the back of the carrier to the front / backpack straps
12. Attach the shoulder strap (C)
13. Detach the Velcro® cover and expose the appropriate hole for the perch. Attach the perch (E) to the carrier
14. Detach the Velcro® cover and expose the appropriate hole for the feed cups. Attach the feed cups (F) accordingly.
